- ☐ Scientific Exchange

Company Information *cont.*

Description of Excellence

Describe the excellence of the international activities. Describe goals and how the achievements have benefited Alaska. Provide numbers that quantify the activity.

For instance, some of the following may help to illustrate the value of the activity to Alaska: number of Alaskans involved in enterprise or activity; knowledge gained or transferred; new international markets, programs, or exchanges developed; expansion of existing international markets, programs, or exchanges; length of history in Alaska; dollar volume of exports, services, or investment; and economic impact to Alaska, e.g. number of jobs generated in the state.

Nominator Contact Information
